European Exposure

SOLACTIVE EUROPEAN SUPERDIVIDEND INDEX

SELECTION

- The index is designed to track the performance of companies that exhibit a high dividend yield.
- Companies must have no official announcement, as of the selection date, that dividend payments will be cancelled or significantly reduced in the future.
- The maximum number of constituents is 25.

SELECTION POOL

- Eligible companies must have:
 - Primary listing on an exchange located in Europe.
 - Share Class Market Capitalization of at least \$500 million.
 - Average Daily Turnover of at least \$2.5 million million over the last 1 to 6 months.
 - Companies must have a dividend yield of at least 4% and less than 20%.
 - Its last year next semi-annual dividend per share payment must be positive.
 - If not a current constituent, companies must have an estimated dividend yield of at least 75% of the last 12 months paid dividend.
 - In case a company has multiple eligible share classes, the share class with the highest liquidity (1 and 6 months ADV) is eligible for the Index.
 - To limit turnover a buffer rule is applied: in case a current Index component ranks in the top 30 securities it remains in the INDEX.
 - If two securities have the same dividend yield, the security with the largest FREE FLOAT MARKET CAPITALIZATION will be assigned the higher rank.
 - All eligible securities are ranked according to their dividend yield and the top 25 securities are selected as Index components.

WEIGHTING SCHEME

- Index components are ranked according to dividend yield.
- The individual weights are capped at 5%.

REBALANCING

- Semi-annual rebalance occurs on the last business day of February and August.

The value of an investment in ETFs may go down as well as up and past performance is not a reliable indicator of future performance.

Trading in ETFs may not be suitable for all types of investors as they carry a high degree of risk. You may lose all of your initial investment. Only speculate with money you can afford to lose. Changes in exchange rates may also cause your investment to go up or down in value. Tax treatment depends on the individual circumstances of each client and may be subject to change in the future. Please ensure that you fully understand the risks involved. If in any doubt, please seek independent financial advice. Investors should refer to the section entitled "Risk Factors" in the relevant prospectus for further details of these and other risks associated with an investment in the securities offered by the Issuer.
